GEOMELT®

- * GEOMELT® is the "Original Sugar Beet-Based Organic Accelerator"
- * Environmentally friendly organic ice melting system
- * 100% organic agricultural product made from the sugar-beet industry
- * All natural, agricultural product derived from renewable resources
- * Unequaled efficacy - features versatile ice control performance, with all chlorides
- * Freeze temperature of -30°C
- * Does not attract animals
- * Does not promote bacterial growth
- * Non-corrosive superior alternative for winter de-icing
- * Will not harm vegetation, cars, sidewalks, equipment and our roads
- * Most effective "Anti-caking" treatment for salt piles
- * Eliminates "freezing and bridging" in tanks and sprayers

*For more information on GEOMELT®
please call us.*
